

## **Third Week Registrant File**

### **Third Week Student Enrollment Input File Specifications (Summer) Overview**

The summer third week registrant file contains data on all students registered at any time during the summer period specified (except students registered and withdrew prior to the session census dates).

- Students who registered but withdrew prior to the census date are not included.
- UC students enrolled at a campus that is not their home campus should be included in the registrant file for the campus at which they are paying summer registration fees. This applies to both graduate and undergraduate students.
- Health science students enrolled in their usual summer courses need not be reported.
- Students participating in any of the campuses' UC Washington DC programs should be included on the registrant file only for the campus at which they pay enrollment fees.
- Non-UC students should be included and identified as such in the registrant file (see Summer Registrant Status [H800] and Non-UC Student Source Code [H830]).

### **Schedule**

Third week summer registrant files will be due from campuses on September 15.

### **Third Week File Physical Characteristics**
