This change is effective with the 1999-2000 reporting cycle, and campuses may begin transmitting the new element on the May 1, 2000 file. Inclusion of the new element will be required on the final October 15, 2000 file.

The new element is:

A data element definition is attached. The new element will be reported in position 138-139 on the demographic record of the Student Financial Support input file. Revised file layouts (along with the full data input specifications for the Student Financial Support file) can be accessed at: http://www.ucop.edu/irc/campus_specs/css/
