University of California Tableau User Group (TUG)

Host by:

Irvin Palacios

Paolo Baluyot

Agenda

- Welcome / Introductions
- Bump Chart Demo
- Visuals in Tooltips (Tableau 10.5)
- Groups & Sets
- Resources

Bump Chart

◈ Purpose

  ◇ Used to visualized ranking over time.

◈ Demo

New to Tableau 10.5: Visuals In Tooltips

- ◈ Benefits
  - ◈ Save TONS of space on a dashboard.
  - ◈ Keeps a clean design while offering more insights.
    - ◈ Gives end user more information about main visual.
- ◈ Demo

Groups & Sets

◈ Groups

   ◈ Used to combine related members in a field.

      ◈ This can led to more levels of analysis

   ◈ Can be used to correct data.

      ◈ Ex. Grouping "Cali", "CA" and "California" into one category "California".

◈ Sets

   ◈ Used to extract or highlight subsets of your data.

   ◈ Have built in filter abilities.

   ◈ Sets have higher flexibility.

◈ Demo
