End of Term Summer Registrant File

End of Term Student Enrollment Input File Specifications (Summer) Overview

The summer end of term registrant file contains data on all students registered at any time during the summer period specified (except students registered and withdrew prior to the session census dates).

- Students who registered but withdrew prior to the census date should not be included.
- UC students enrolled at a campus that is not their home campus should be included in the registrant file for the campus at which they are paying summer registration fees. This applies to both graduate and undergraduate students.
- Health science students enrolled in their usual summer courses need not be reported.
- Students participating in any of the campuses' UC Washington DC programs should be included on the registrant file only for the campus at which they pay enrollment fees.
- Non-UC students should be included and identified as such in the registrant file (see Summer Registrant Status [H800] and Non-UC Student Source Code [H830]).

Schedule

- Campuses should submit this end of summer registrant file by November 1st.
